

## Declaration of consent - Parental accounts

Dear parent or legal guardian,

At Poppenbüttel Primary School, we will be working with IServ parent accounts from the 2025/26 school year. With the help of these accounts, faster and more targeted communication between the school and parents can be guaranteed.

When using IServ, personal data is automatically processed as described in the information on data processing. Use is therefore only possible after consenting to the user agreement. This can be found on our school homepage in the "IServ" section:

<https://grundschule-poppenbuettel.hamburg.de/>

You can revoke this declaration of consent at any time without any detrimental consequences. There are no disadvantages for you if you do not give your consent. However, the use of IServ is then excluded. You will receive the access data for IServ from us in writing as soon as you have given your consent.

Information on the IServ modules used and the data processed can be found under the following link:
